

**AGAT** Laboratories 

# Locations and Depots

AGAT Laboratories is a highly specialized, Canadian-based company that provides laboratory services worldwide. With over 40 years of experience, coast to coast, AGAT Laboratories is the most geographically and technically diversified laboratory in Canada. Our scientists are highly skilled and specialized in the fields of chemistry, biochemistry, microbiology, geology, engineering and specialty analysis. Committed to local communities, AGAT Laboratories aims to maintain our purpose of “Service Beyond Analysis”.

AGAT Laboratories’ operations encompass 14 scientific divisions to offer full-service solutions to multiple industry types within the Environmental, Energy, Resources & Renewables, Minerals & Metals, Industrial, Transportation, Agri-Food, Life Sciences sectors.

## AGAT Laboratories specializes in the following scientific areas:

- Environmental Chemistry
- Ultra-trace and Toxicology
- Agricultural Analysis
- Food Testing
- Geology and Petrology
- Reservoir Characterization
- Air Quality Monitoring
- Petroleum Testing Services
- Oil Sands Analysis
- Advanced Rock Properties
- Core & Materials Testing
- Mining Geochemistry
- Lubricants Testing Services
- Geotechnical Testing Services

## Core Values

- **Integrity** – We do the right thing for the right reason, upholding our ethics no matter the outcome, putting quality above all.
- **Accountability** – We admit when we are wrong and take ownership of our actions.
- **Respect** – We value personal diversity while treating all people with dignity.
- **Unity** – We support one another, share a common direction, lift each other up and celebrate our achievements as one.
- **Innovation** – We push the boundaries of science and technology to provide uniqueness in our processes, culture, and scientific advancements.
- **Passion** – We exude enthusiasm in all that we do, valuing the fun and enjoyable environment that we exist in while embracing every challenge along the way.

## Our Purpose

To provide “**Service Beyond Analysis**” to three key pillars: **Our People**, **Our Clients** and **Our Communities**

- Geological sample preparation facility
- Sample drop-off and supply pick-up

# Depots

The following is AGAT Laboratories' extensive network of affiliated depots located across Canada. These depots provide clients with an easy local spot for receiving supplies and submitting samples to an AGAT Laboratory location for quick analysis turnaround.

We recommend you contact the specific depot in your area to confirm hours of operation and services provided as these do change sometimes with little notice and can fluctuate due to the recent pandemic.

Please note: Depots are not AGAT-owned facilities, but are familiar with shipping samples to and receiving bottle orders from AGAT branches and laboratories. For further information, please contact our Head Office in Calgary at **403.736.2000** or toll-free **1.866.764.7554**.

*\*Depot details are subject to change. Please visit [agatlabs.com](http://agatlabs.com) for the most up-to-date information.*
